## MOOT COURT SOCIETY

---

Date: 9<sup>th</sup> January 2021

### CLARIFICATIONS FOR THE 1<sup>ST</sup> PGCL SAARC IMCC 2021

1. Paragraph 4 of the moot proposition states that Bunkoostan legalized cannabis for medical and recreational use. Has this law legalized all parts of the cannabis plant? Further whether all aspects such as sale, consumption, cultivation and manufacture have been legalized through this law? Or a regulated policy has been enacted for the same?

**CLARIFICATION:** All parts of the cannabis plant have been legalized in Bunkoostan. The same can be used for sale, consumption, cultivation, and manufacture.

2. Note verbale corresponded between the two countries is an indication of established consular relations between the two countries. Is this indication accurate?

**CLARIFICATION:** Yes.

3. How were legal representations afforded to the five Bunkoostani men by the Sundarlandean Government?

*Our understanding is that the legal representations were provided by the Sundarlandean Government without any intervention from the Government of Bunkoostan. Kindly clarify.*

**CLARIFICATION:** Your understanding is correct.

4. SafestXpress was contracted by the Government of Bunkoostan for exporting food grains and other commodities. The agreements between the two countries also allowed for the use of Sundarlandean port by the Government of Bunkoostan for exporting other commodities worldwide. But the definition of "other commodities" is left ambiguous. The fact does not list the items that fall within the categorization of "other commodities." Our understanding is that this ambiguity is intentional, however, if it is not, it would be helpful to know what falls within the scope of "other commodities".
